ANOTHER WONDERFUL CURE!

ANOTHER WONDERFUL CURE!

PHILDELPHIA, April 9, 1846.

Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent mater in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, heetic fever, and night sweats rendered me as weak as a child, and at night he sweat literally poured of me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and experienced so much benefit that I resolved to continue it. It is now six months since I ceased using the medicine, and the cure remains perfect. If firmly believe this medicine is far superior to every other remedy for Consumption of the Lungs. J. J. Wellur's Putent Japan Blacking is the name of an excellent article; we have seen it used, and can highly recommend it—N. American, April 15.

Wellar's Blacking is one of the most superb and satisfactory articles of the day. It imparts a brilliance and polish beyond description. We have tried it.— Go and do like wise.—Sp.rit of the Times, April

By reference to another column, an advertisement will be found for an excellent article of Blacking, in a Liquid form for Boots, &c. It has been highly recommended by many who have tried it. It not only gives, with very little trouble, a beautiful jet polish, but retains it much longer than any other. It is sold by the Agent of the Manufacturer at No. 50, Cheanut street. Buy a bottle, one trial will prove the fact.—Phil. Ledger, April 23.

Wellar's Blacking is one of the most shining cles in the market.—Spirit of the Times, April 2

Patent Blacking.—Mr. J. Wellar, No. 50, Chesnut St., has prepared a Patent Liquid Blacking, which produces a beautiful jet Polish, and does not injure the leather. Those who would have a polished understanding should read the advertisement in another column.—U. S. Gazette, May 1.

Wellar's Patent Japan Blacking is about the best stricte of the kind we have seen. The poish which it imparts to the understandings of man is brilliant and lasting; we have tried it and it boots us to say all this in its behalf.—Evening Bulletin, large 7th. The Manufacturer can produce numerous testi-monials similar to the above, from private individuals and from other papers, but the above extracts are sufficient to convince any person that the manufac-turer has not exaggerated; but that upon a foir trial the Blacking will be found as represented, excellent in every respect.
